

Hello to all of my Community Service Tiggers

March 2018

I just can not believe that we are already in the month of March boy has time just flown by. We have some great holidays coming up like St Patrick's day, Easter, Mother's Day and Father's Day just to mention a few. I know Community Service will be on everybody's mind, but we must act on it and put a plan into place to be able to accomplish the mission of community service.

This Tigger has been out on the prowl along with the Leadership Chairman, Linda Fercho, and I wanted to just mention a few ideas that I heard about while I have been attending the workshops up and down the state. Our very own Liz Doidge is working with her unit and district to help build a playground that will benefit the entire community and the Cambria Post and Unit rent out the Veterans Memorial building once year to Western dancers. There are so many things that I have heard I can not wait to read all the reports and supplementals.

As you all know it's that time again when we need to start getting busy with report writing and a supplemental. The units are due to the District Chairmen by April 15<sup>th</sup> and then the District Chairmen must have them to me by May 1<sup>st</sup>. Please do not let this be overwhelming just take some time and report. I will be more than happy to assist you in any way I can.

If you need some ideas to do something special for just one person you can always get in touch with community centers, nursing homes, meals on wheels, boys and girls club and other organizations such as the Moose club, Elks club, your local Chamber of Commerce and woman's club. These are great partnerships not only to help the community but also strengthen the American Legion Auxiliary with possible new membership.

On a personal note I will be moving this month so below you will find my new address.

I hope you all have an amazing March and I will keep listening to the roars of my Tiggers. Please let me know if I can be any help I'm only a paw away.
