

National Security

Bulletin No. 3

Hello National Security Squad,

November is a special month for honoring our veterans and their families. National Security welcomes units and district to honor those overseas as well as our men and women here in the states. Homelessness among our veterans and their immediate families is at a all time high. What can we do? Start familiarizing yourself and unit about the different programs under National Security Programs recognized by the American Legion and American Legion Auxiliary.

Units and Districts can:

- Set-up Operation Homefront- units may undertake are packages and family member support packages; and provision of Homefront spouse support and welcome home events. Contact www.operationhomefront.net for additional steps.
- USO Create activities units may undertake with a USO chapter or USO national program Sponsorship of morale sustaining kits and packages being sent to service members overseas and support to local USO centers. For additional information and specific steps:
ALA Member Resource
www.uso.org
- ROTC and JROTC Recognition Program – Units can support these future leaders by presenting recognition awards in conjunction with their posts.

Remember to send me your mid-year report by December 15. California let's shout about what we do for national troops, families, and our communities. Have a wonderful Thanksgiving and don't forget to share with military families that are in need.
