**Here is a great January thought!** Birthdays- we all have them. What better way to pay it forward, than to honor someone else on our own birthday!

That is what I did. In honor of my birthday, I found someone in my unit who for whatever reason had not paid her dues. I know her membership means a lot to her, so for my birthday, I PAID HER DUES!

So, there is your challenge - if you can accept!

A member is retained, and we feel better about ourselves for doing it!

Try it! And please share your story on our Facebook page: **American Legion Auxiliary National Membership Group.**
