Leadership Bulletin
January 2023

Happy New Year!

I hope you and your families were able to say good-bye to 2022 with a gentle nudge or maybe even a good swift kick. I, for one, am ready for a fresh beginning and am ready to get back to work.

Leadership is always part of what we do, whether it's mentoring a new member, planning an event, or agreeing to chair a program. It is also being willing to "determine what is ours to do". By that, I mean how can we be of service to our members, Veterans, communities, Units, Districts, and ourselves. We are members of a service organization. The greatest patriotic service organization in our country! I know COVID-19 took the wind out of our sails, but as we enter 2023, lets start planning what we are going to do next.

Some ideas are getting together on a Saturday afternoon for "tea" and just connecting with each other. If you are still not feeling comfortable, feel free to continue wearing a mask. We need to get back up and doing what we do best-helping others and being of service. Please reach out if you would like to brainstorm some ideas. Zoom is always available, too.

I look forward to seeing you at the DEC. It will be a great time to be together again.

Yours in Service~

Robin
