In our last Membership Committee meeting, there was an idea of Units and Departments checking their unpaid Junior members on their membership list. Currently, there are 3,618 unpaid Junior members throughout all of our Departments whose 2024 dues are not paid. If we could get some of those members to renew their dues, we could inch even closer to our 2024 membership goal. Junior members are the future of our organization and many of them may not know the benefits that come with their membership. Remind them that if they let their membership lapse, they may not be eligible to apply for ALA scholarships.

We want to thank you for all of your support and keep working membership.

Have a great week!
